Engagement Rings

At Pamela's, we have a wide selection of engagement rings to ensure you find just the right ring for that special someone with whom you will enjoy the rest of your life. Pamela's has many styles for you to choose from in the store, or we can design a one-of-a-kind custom ring just for you. If you have your own diamonds, we can create a new ring.

Not a diamond person, that's fine too. Choose from pearls, rubies, sapphires, colored diamonds, and more!

Wedding Bands

When purchasing engagement rings, you have an option of either purchasing individual rings, one engagement, one wedding band, or choosing a set to later be soldered together. Usually the wedding band in the set is a type of framing band that accentuates around the engagement ring.

Most men like a ring that is masculine but similar to the ring their wife will be wearing.

Pamela's has a wide variety of metals to choose from for your bands:

- ◆ Yellow Gold
- ◆ Platinum
- ◆ Titanium
- ◆ Stainless Steel
- ◆ White Gold
- ◆ Tungsten
- ◆ Sterling Silver
- ◆ Ceramic

Each metal has its own characteristics and appearances to fit you just right.
